MESSAGE FROM VICE CHANCELLOR

It has been an exciting as well as gratifying experience for me as the first Vice Chancellor of Dawood University of Engineering & Technology. Exciting, because, I was heading an institution with a glorious past that was in need of being rebuilt. Gratifying, because, I could build a team of professionals that not only worked hard but also worked smart and began the transformation process at Dawood University of Engineering and Technology. We do realize that we still have a long way to go but we are keeping our head down and spirits high. Our strategy is to work together with empathy caring for each other and looking after our student. We will never emulate any of the great Universities of Pakistan as we feel that by doing so we will be last in the line and will never be able to catch up: However! we have decided to do things that our sister Universities have not done as that way we can lead. Our Vision is to be "A University of Relevance". These graduates have also worked hard with us in the rebuilding endeavor. On behalf of our faculty I would like to congratulate the passing out graduates and specially the parents on this success of their children. They are row professionals who have been trained to serve the society and become responsible citizens of Pakistan. Well done Guys! Wishing you success and God speed in your professional career.

Dr. Faizullah Abbasi
Vice Chancellor, DUET

MESSAGE FROM PRO VICE CHHNACELLOR

Every year, with the weather changing and spring approaching, we see blooming flowers ready for the market. The same way, we at Dawood University feel a sense of anticipation and excitement as another class of Dawood University students gets ready to graduate. Our country needs energetic people like you who are committed to making life better for everyone especially the under privileged. We need the passion you've demonstrated for this success. And we need the reverence you have shown for intellectual honesty, respectful debate and tolerance for people of different backgrounds and points of view. As you prepare to venture out into the outside world beyond campus, you will have a renewed sense of confidence about your abilities, devotion for learning, the new set of skills. We hope you will stay connected to the DUET community no matter where life takes you.

Congratulations and best of luck for your future endeavours.

Dr. Pir Roshan Din Shah Rashidi
Pro-Vice Chancellor, DUET

MESSAGE FROM DEAN, FACULTY OF ENGINEERING

The Convocation is occasion for offering our heartiest congratulations to all graduates of Dawood University who have been awarded the Bachelor's Degree.

The youth of today is fortunate enough to witness the significant change in society, which is going through, in terms of transformation in its political, legislative, monetary & educational, social, familiar values and occupational specialization. It is an opportunity for us to share with you that 21st century is going to be a century of " Knowledge based economy" equipping yourself with competitive knowledge, requisite skills, the right attitude and human values is all what is going to make you successful individual in all spheres of life.

I wish that DUET continue strides of success in its mission to provide highly qualified and skilled manpower on state of the art machinery and equipment to prepare students for taking professional challenges with excellence.

Dr. Abdul Waheed Bhutto
Dean, Faculty of Engineering, DUET

MESSAGE FROM ACADEMIC COORDINATOR, FACULTY OF ARCHITECTURE & PLANNING

This is indeed a joyous occasion for all of you. Apart from the celebrations which come on an occasion such as this, graduation also represents the beginning of a new chapter in your life-filled with challenges and many uncertainties. In confronting these trials, I exhort you to draw on the many skills you have gained during your stay with us. the problem solving skills, the social skills, and the "I can do this if I put my mind to it. In the Faculty of Engineering and Faculty of Architecture, we are honored to have offer you a curriculum that not only provided a solid grounding in theory, but also one which incorporated some of the realities of the workplace.

In closing, would like to quote Albert Einstein who said that "Learning is not a product of schooling but the lifelong attempt to acquire it. As you leave DUET, I encourage you to engage in lifelong learning as this is the only way to succeed in the dynamic, globalized environment in which we now live and work.

Once again, my heartiest congratulations to you and best wishes for success in future.

Dr. Dost Ali Khowaja
Academic coordinator
Faculty of Architecture & Planning

MESSAGE FROM ACTING REGISTRAR

Dear Graduates Congratulations on your success! For more than decades, Dawood University has invested significantly on under- graduate education and now trying to contribute in research. The University has expanded the faculty and recruited skilled human resource in many departments. Together, we are committed to educating and training a diverse body of engineers and architects. We strive to make the graduate experience rewarding and we emphasize good mentoring.

I hope that you will relish the opportunities with the knowledge that you have gained at Dawood University. I extend my heartiest congratulations to the proud parents of graduating students and students. Best wishes for life ahead!

Engr. Capt. (R) Syed Waqar Hussain
Acting Registrar DUET

MESSAGE FROM ADVISER, STUDENTS' AFFAIRS

In Latin, Convocation means " Calling together" and the Greek word ecclesia means Convocation. A Convocation, thus defined as a group of people formally assembled for a special purpose. A Convocation is also a collective noun for eagles. Convocation is a Convention of the many mystical spiritual paths and faiths who desire to teach each other and promote fellowship among all esoteric traditions. In some British and Australian Universities, the term "Convocation" refers to the entirety of the alumni of the University, which functions as one of the University's representative bodies.

The term Convocation was developed as a way to welcome students into a group of scholars while honoring them for successfully completing their education. The word Convocation originally referred to gatherings to clergy but started being used in the University set-ups in the 16th century to describe an assembly of graduates. The Convocation is more than a celebration of academic achievements. It is a formal ceremony marking the formal and official conferring of degrees and diploma, that publicizes the fact that a student has fulfilled all the requirements of study for a specific degree.

Convocation, in short, should help us think about our responsibilities to students to ensure a comprehensive and coherent curriculum that addresses the issues of the community and the society at large they inhabit, and will expect them to lead.

I am indebted to congratulate all those graduates who have qualified by fulfilling the academic requirements for conferment of Bachelor's degree in the respective disciplines of Engineering and Architecture & Planning, and award of Gold, Silver medals and Merit Certificates for being adjudged as Faculty Top, the Best graduate, First, Second and Third Position holders. The Society is expecting much from them, and Insha ALLAH they will be committed to respond to the expectations of the Society and the Nation.

I wish them all the best throughout their lives.

Atta Ur Rahman Memon

VISION, MISSION, GOALS & OBJECTIVES

Vision Statement

The University of Relevance leading to Techno-preneurial Excellence.

Mission Statement

Dawood University of Engineering & Technology aims to invest in human capital for accelerated advancement in engineering knowledge and practices, new frontiers in R&D hence creating knowledge led economy and better future for Generation to come.

Goals

- Help place- bound students achieve their educational aspirations.
- Expand public engagement to contribute to economic and cultural vitality and t health and quality of life of the people of Pakistan.
- Graduate education and training that prepares students for interdisciplinary engineering research and advanced problem solving
- Align university resources with important state needs to promote multidisciplinary research
- Create knowledge base that integrate technical expertise, communication skills and team building required for commercialization of research.

Objectives

- Establish contemporary and rigorous educational units and practices that produce well rounded engineers.
- Create an atmosphere that facilitate personal commitment to the educational success of students in an environment that values diversity and community.
- Develop education and research partnerships with targeted agencies, universities and industries.
- Foster Highly successful alumni who contribute to the profession in the global society.
- Conduct internationally recognized research programs.
- Preferred avenue for the Industry to seek solutions and technical advices.
- Emerge as think tank for Government for prudent and accountable resource management.

About Dawood University of Engineering & Technology.

The foundation stone of the Dawood College of Engineering & Technology was laid by the former President of Pakistan (Late) Field Marshal Muhammad Ayub Khan in 1962. The College was established by Dawood Foundation under the supervision of Seth Ahmed Dawood in 1964.

On March 2013 the Sindh Assembly passed the Sindh ACT No. XII of 2013, upgrading it to a University. Its academic and administrative control has been vested in the Syndicate, Senate and Academic Council as per ACT. The Vice- Chancellor is the Principal Executive and Academic Officer of the University.

The University offers four year degree programs in the field of engineering and Five year in the Field of architecture.

The Engineering departments include Electronics, Chemical, Industrial & Management and Metallurgy & Materials. From the session 2010-2011, the University has introduced four new departments namely Energy & Environment, Petroleum & Gas, Telecommunication, and Computer System Engineering. The University has two campuses, one located near Quaid-e-Azam Mausoleum and the other situated at Block-17 Gulshan-e-Iqbal, Karachi. These campuses comprise various facilities including class rooms, state of the art lending and reference libraries, laboratories, workshops, drawing halls, Students cafeteria, auditorium, with a capacity of 650, seminar rooms girls common room etc.

The University has a fleet of seven buses for pick and drop facility to the students. DUET has well-equipped computer laboratories. We are situated in the heart of Karachi with an outreach to all the Industrial zones of the city. Our students have a regular opportunity to visit industries for practical training.

It shall be pertinent to note that with the assistance and support of the Higher education commission (HEC) a Video Conference room with state of the art facilities has been established under the PERN, which also provides access to Digital library.

Realizing the importance of Quality Assurance, DUET has established its Quality Enhancement Cell in November 2009 to implement quality improvement programs in all the departments and faculties of DUET under the supervision and guideline of the Higher Education Commission and QAA.

Since DUET is located in the largest industrial city of Pakistan, various Engineering department are directly involved in providing solutions/consultation to local industries.

About Dawood University of Engineering & Technology.

Students are assigned final year projects with the in plant training and internship in and outside Karachi under active supervision of experts in the industry.

In order to develop entrepreneurial qualities in our students and develop a base for impact based research DUET has recently established Office for Research, Innovation and Commercialization (ORIC). The ORIC is expected to be the hub of research and also act as an incubator for our students to enter into the world of industry and business.

By writing up the History, first ever MS and PhD program is being offered in Electronic Engineering and Chemical Engineering. Electronic Engineering offering MS program in four stream i.e. Electronic System Engineering, Power Electronics and Communications and Signal Processing. While, Department of Chemical Engineering is offering MS program in four streams such as Materials Engineering, Energy Engineering, Process Engineering and Design Engineering.

CONVOCATION ORGANIZING COMMITTEE

1. Prof. Dr. Abdul Waheed Bhutto
Dean, Faculty of Engineering,
Convener, Organization Committee
2. Dr. Rashid Hussain Abro
Associate Professor, Department of Chemical Engineering,
Member, Organizing Committee,
Convener, Protocol Sub-Committee
3. Engr. Capt (R) Syed Waqar Hussain
Registrar,
Member, Organizing Committee,
Convener, Food & Refreshment Sub-Committee
4. Mr. Atta Ur Rahman Memon
Adviser, Student's Affairs
Member, Organizing Committee.
5. Mr. Gul Muhammad Bhayo
Controller of Examinations,
Member, Organizing Committee,
Convener, Graduate Information's: Degrees: Gold/Silver Medals.
Merit Certificates and Gowns Sub-Committee
6. Dr. Saleem Ahmed Phull
Chairperson, Department of Computer Systems Engineering,
Member, Organizing Committee,
Convener, Souvenir, Publicity & Multi-media presentation Sub-Committee
7. Engr .Dr. Syed Asif Ali Shah
Associate Professor, Department of Metallurgy & Material Engineering,
Member, Organizing Committee,
Convener, Convocation Hall Arrangement & Seating Sub-Committee

CONVOCATION ORGANIZING COMMITTEE

8. Dr. Abdul Karim Shah
Assistant Professor, Department of Chemical Engineering,
Member, Organizing Committee,
Convener, Seating of Parents Sub-Committee
9. Dr. Shaukat Ali Mazari
Assistant Professor, Department of Chemical Engineering,
Member, Organizing Committee,
Convener, Draft Speeches Sub-Committee
10. Engr. Ghazala Bhutto
Assistant Professor, Department of Electronics Engineering,
Member, Organizing Committee,
Convener, Conduct of Convocation Proceedings Sub-Committee
11. Mr. Mushtaq Ahmed Jamali
Assistant Director Finance,
Member, Organizing Committee,
Convener, Printing of Banners & Boards Sub-Committee
12. Mr. Noor Azeez Pechuho
Security Officer,
Member, Organizing Committee,
Convener, External- Cum-Internal Security Sub-Committee
