DUET, organized an online seminar titled "PEC Initiative for the Betterment of Future Young Engineers", conducted by Engr. Syed Jawwad Haider Gilani. This initiative aimed to empower engineering graduates with valuable insights into industry trends and professional development. DUET also provides opportunities to its students to transition from academia to entrepreneurship and the corporate world.

Entrepreneurial Support for Students

DUET, through its Centre of Entrepreneurship Management & Emerging Technologies (CEMET), fosters entrepreneurship among its students. A notable opportunity provided is the potential to win a grant of **PKR 1 million** for startup ideas aimed at commercialization.

- **Startup Ideas at CEMET:**
 1. Date Seed-based Coffee Production.
 2. Barley-based Chicken Feed Manufacturing.
 3. Manufacturing Fiber for the Textile Sector from Banana Stem Wastes.

These initiatives are designed to encourage students to develop entrepreneurial skills and innovative ideas, ensuring financial support for their startups.
