University	Dawood University of Engineering & Technology (DUET), Karachi
Country	Pakistan
Web address	https://duet.edu.pk/sdgs/
SDG 5.6.6	Women Mentoring Schemes

DUET demonstrates a strong commitment to supporting female students through various initiatives under its **Youth Development Program (YDP)**, which includes seminars, workshops, and events designed to foster academic and professional growth.

Youth Development Program (YDP) Activities

YDP Opening Ceremony: The Youth Development Program’s opening ceremony was held on **May 29, 2023**, at DUET, with Engr. Prof. Dr. Samreen Hussain, DUET’s Vice Chancellor, serving as the Chief Guest. Her participation underscores the institutional support for student-focused development programs, particularly those that empower female students.

AI in Entrepreneurship & Industry

WARDAH ARSHAD
GUEST SPEAKER

- Data Scientist & Machine Learning Expert (with 4 years of experience)
- CO-Founder & COO at U-Tech Digital Education.
- Lecturer at Ziauddin University,
- Trainer at Nodebook PVT LTD.

- Acquire strategic insights on leveraging AI for business growth, enhancing decision-making, and staying competitive.
- Unleash the potential of AI for business growth and stay ahead in the dynamic landscape. Join us for a seminar that promises knowledge, inspiration, and a roadmap to success in the AI-driven era.

SEMINAR HALL, DUET

DawoodUETkhi

Unlock the Power of AI in Entrepreneurship and Industry: This seminar explored the role of artificial intelligence in modern business and entrepreneurship, offering students insights into AI's transformative potential. The event covered applications of AI, opportunities for innovation, and included networking sessions with industry experts. This engagement provided a mentoring atmosphere, helping students envision AI applications in their future careers.

Women in ERP: Navigating the Engineering Technology Landscape: As part of YDP, this seminar specifically targeted female students. Led by distinguished speaker Ms. Saima Naveed, it

WOMEN IN ERP
Navigating the Engineering Technology Landscape

Amreli Steels Ltd.

Thursday, November 16th 2023.
12 PM - 01 PM

ieeewie.duet

was organized by IEEE Women in Engineering in collaboration with the Society for Computing Engineers. The event provided female students a unique opportunity to learn about the evolving ERP (Enterprise Resource Planning) landscape and its relevance to engineering and technology. Events like this contribute significantly to mentoring by connecting students with successful professionals who

share their experiences and insights, encouraging female students to pursue and excel in engineering and technology.

Achievements and National Competitions

National Engineering Robotics Contest: DUET's female students participated in the National Engineering Robotics Contest 2023 at NUST Islamabad, highlighting their involvement in
