18.2 Financial Assistance to Students

Students from humble backgrounds always remain under continuous financial pressure. The effects of the weak economy, due to the Covid-19 pandemic, have further exacerbated the monetary miseries of many households. Assistantships that cover tuition fees and living costs could allow students to focus on their education rather than worry about the repercussions of the appalling economy. In addition, students could save their valuable time by keeping the focus on studies rather than working part-time. Scholarships could therefore ease the financial burden on students and families.

The Vice Chancellor has taken the initiative of "DUET Scholarship Program" is a remarkable initiative designed to empower and support students in their pursuit of academic excellence. This scholarship, offered by Dawood University, aims to recognize, and reward outstanding and deserving students.

Dawood University of Engineering and Technology (DUET) believes in human development and equal opportunity for all. There are various scholarships, such as Ehsaas, HEC Need Based, PEF, DCET Alumni, IEP-SAC, Pakistan Bait-ul-Mal, available for needy and excellent students. The student scholarships are managed through the Financial Assistance Department (FAD). Various scholarships are announced by the FAD all year round.

The record of the needy students, especially orphans and those belonging to the underprivileged areas is maintained, and assistance is to such students on a priority basis. At DUET, we take great pride in nurturing our future generations with great compassion and empathy. Prospective students
